may
newsletter

“Education is the key to unlocking the golden door of freedom.”

Dear Parents,

The month of May has been a whirlwind of exciting activities, learning adventures and joyful moments. We are thrilled to share their enthusiasm, eagerness to learn as they develop new skills with every activity. Our munchkin's accomplishments and active learning techniques would surely mesmerize you through this newsletter.

May Assessment w.e.f 15-05-2023 to 23-05-2023

Activities

May Day Activity: To celebrate the painstaking efforts of our supporting staff, that work tirelessly for our tiny tots in school, the international worker's day also called May Day was celebrated in kindergarten block on 1st May,2023. The teachers briefed the children about this day and its importance. The children expressed gratitude by giving handmade badges to the school attendants and helpers. The school helpers were overwhelmed by this act of thankfulness. The activity was designed to forge a better understanding of the helper's community among our students who must learn to respect and appreciate other efforts.

Activities

Button Art Competition- Button Art is a great way to develop fine motor skills, and imagination and spark creativity. A competition of Button Art was conducted on 6th May, 2023, wherein the students participated enthusiastically. The tiny tots worked very hard to draw and make different figures or scenes by using different kinds of buttons to show their creativity. Various items on display were the school logo, landscape, photo frame, etc. This activity not only boosted their confidence and self-esteem but also encouraged them to continue exploring and expressing themselves through art. The creative and ingenuity displayed by our students continue to impress us all.

Activities

Mom's Day Card Activity: - "There is no role in life that is more essential than that of motherhood." Making a card for Mother's Day is a unique way to show love and appreciation for Mom. It's a meaningful and heartfelt gift that she can treasure for years to come. It's surely a personalized expression of love. Our cuties made handmade card with colorful pom poms to show their love for their moms.

TIPS FOR PARENTS

To enhance our children's English Vocabulary Skills, you can use new words every day in your conversation and motivate them to read with fluency. For this:

Develop a Reading Habit: Vocabulary building is easiest when one encounters words in context. Reading to your child at this age is a wonderful way to build your child's language skills.

Variety is the Key: Use wide variety of words. Children need to listen to a word several times before they start understanding the meaning.

Play Word Games: Classic Games like Scrabble and Boggle can function as a fun way to expand child's English Vocabulary.

Dear parents

Remember, building a strong vocabulary is closely linked to reading.

Here are some suggestions that will help in nurturing your child's love for reading and expanding their vocabulary during the summer break.

Create a Reading Mook

*** Set up a cozy, comfortable and inviting reading space equipped with cushions and good lighting. Spend time with your child, delving into new stories and expanding their knowledge.**

***Celebrate their achievements when they read independently to motivate and encourage them.**

***Engage them in meaning dialogue about the books they read. This will help develop critical thinking and comprehension skills.**
