## CLASS- NURSERY

# APRIL NEWSLETTER

"A JOURNEY OF THOUSAND MILES BEGINS WITH A SINGLE STEP"

Dear Parents,

Warm greetings and a heartiest Welcome to the BCM Arya family. Starting school brings new hopes & new avenues to explore. One month has passed by and the students have started to step ahead with confidence & enjoy learning. Going by the school's vision of promoting excellence in education by providing a dynamic learning environment, a number of curricular & co-curricular activities are conducted every month. The monthly newsletter is an endeavour to keep you connected and updated about the working of the school.

## PRE- WRITING SKILLS

Introduction and Tracing of :

Standing Strokes

Sleeping Strokes

Slanting Strokes

Curved Strokes

## E.V.S :

My Body (Page-4)

Healthy Food (Page- 5)

Fruits (Page- 6,7)

## ASSIGNMENT BASED ON TOPICS COVERED.

### RHYMES:-

Come little children  
God's blessings  
सेब

DRAWING : - Early Skills Drawing and colouring page no 4-7

# Dux ACTIVITIES

- **MY First Activity:** - “A cheerful welcome helps kindergarten children for a positive start to their school journey”. To make their journey an exciting, successful and happy experience, the first day activity was conducted on April 7, 2023 .The tiny hands were dipped in bright colours and their imprints were taken on an activity sheet to create memories that will last forever. Moreover the children learnt about colours, shapes and spatial relationships through this activity.
- **Baisakhi Celebration:** - Keeping up with the festive spirits and to imbibe cultural values and ethos in our children, the harvest festival of Punjab, Baisakhi was celebrated in Kindergarten wing on April 12, 2023 with full zeal and enthusiasm. The little *gabrus* and *mutiyars* looked stunning in vibrant Punjabi attires when they danced on the beats of dhol and Punjabi music. They were apprised about the significance of this day through the power point presentation .The tiny tots were involved in a bud painting activity to create impression in corncobs. The sheet has been added to the child’s portfolio file.
- **Dough Kneading:** Play dough is perfect for strengthening the muscles in little hands, to enhance the same, Dough Kneading activity was conducted on April19, 2023 in nursery wing. Children were provided with colourful clay in class. Soft and tender hands rolled it to create various things like ball, sun, snake,. They were guided well by the teachers to give their *creativity a perfect shape*.

# Dux ACTIVITIES

- **Earth Day:-** Complying with the Earth Day 2023 theme “Invest In Our Planet”, the budding environmentalist of BCM ARYA celebrated earth day by participating in tree plantation drive. Green was the colour of the day hence the tiny tots came dressed up in green colour outfits. A fist printing activity was held to help students to make a tree. To promote love and care for mother earth, children were taken for a nature walk.

The day's event was an effort to inspire the little ones to love nature and make the Earth a greener planet.

- **BIRTHDAY CELEBRATION:** The children born in the month of April celebrated their birthday by performing Hawan in Yagyashala along with their teachers .Birthday cake was cut and best wishes cards were also given to them to make the celebration a memorable one.

## IMPORTANT

- E-target (Academic syllabus) has been already uploaded.
- You can send your ward in civil dress on his/her birthday.
- Use only a cloth napkin to pack your child's tiffin.
- Go through the almanac, BCM Arya app child's profile daily.

# COMING SOON

### Upcoming Class Activities

- May Day Celebration
- Red Colour Day
- Toy Story
- Rainbow Splash

### Upcoming Events

- A day with Mom

## TIPS FOR PARENTS

Fine motor skills are vital for little kids for doing everyday activities like using a spoon to eat, buttoning the shirt, writing etc. Here are a few techniques which involve the movement of small muscles of hands and wrist and thus will help your child coordinate between the action and what they are seeing (Hand eye coordination).

- Do puzzles and blocks together. Picking up and moving the puzzle pieces or blocks into place helps develop pincer grasp.
- Tactile play with play-dough or homemade atta dough is a great way for kids to experiment be creative and at the same time build fine motor skills.
- Scribble, Draw and colour helps not only in developing the motor skills but also stimulate creativity and imagination.
- Create a game for your kids using pair of kitchen tongs or tweezers to pick small objects like grapes, pasta, beans etc. to increase concentration and improve grip.
