My Family

In The Kitchen

My Bedroom

My Drawing Room

PICTURE RECOGNITION AND ASSIGNMENT BASED ON THE ABOVE CONTENT.

RHYMES:-Prayer, सूरज

DRAWING :- Draw and Colour

Circle

Sun

Ball

Wheel

Turtle

Dix ACTIVITIES

- **MY First Activity:** - The first day activity for the kindergarten students remains a treasure for years for them. To make their day more cheerful and overwhelming, a craft activity of making the bee with the thumb impression was perfect for them. In this activity, the little munchkins dipped their thumb in yellow colour to make an imprint of bee and then coloured the flowers . This activity helped them to learn about patterns , colour and thus led to development of fine motor skills and hand eye coordination. .
- **Baisakhi Celebration:**- Little Aryans celebrated the festival of harvest ,Baisakhi with traditional fervour and gaiety on April 12,2023. All the children came adorned in folk costumes and danced on the foot tapping beats of dhol and Punjabi folk music .The significance of the day was apprised to the little ones through power point presentation .Later ,they did bubble wrap painting and coloured the corns in yellow on Baisakhi Activity Sheet. Really it was a day filled with enthusiasm and excitement .
- **EARTH DAY :** To sensitize our children to become the crusaders for environmental conversation, Earth day was celebrated by LKG students on 21st April . The children were made aware that ‘EVERY DAY IS AN EARTH DAY’ and the purpose of celebrating Earth Day is to keep our grass green and our skies blue with more trees and less pollution. . An activity “Reuse the Refuse”was conducted in class with newspaper crumbling and cotton dabbing. It was indeed an insightful day for everyone.

Dux ACTIVITIES

- **Interactive Session-** To familiarize the parents with the curriculum, rules & regulations of the school, teaching methodologies and the co-scholastic activities , the Interactive Session was conducted on 22nd April. The stress was laid on the holistic development of the child and how parents and teachers can act as ‘Partners in Progress’ in the child’s growth.
- **SELF CARE ACTIVITY: (T-SHIRT FOLDING ACTIVITY)** :Folding laundry is one of those self-care tasks that deeply help the tiny tots to develop a sense of responsibility and also helps in improving their fine motor skills. With this aim, the T-shirt folding activity was conducted on 28th April, 2023.The little ones learnt to fold their T-shirt with the help of cardboard folder.

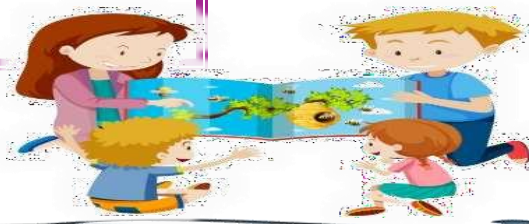

COMING SOON

IMPORTANT

- **Go through the almanac, BCM Arya app child's profile daily.**

- **Say it with shapes competition**
- **Mother's day card making**

TIPS FOR PARENTS

To enhance our little one's English vocabulary and speaking skills seems toughest as our kids are fluent in the mother tongue but we can always do something to improve and polish their skills.

- **Parent child interaction that helped the child learn their first language is a great way to learn second language .**
- **Including your child's interest in your conversation will help child pick up new word quickly.**
- **children learn what they have most often heard. Read aloud English story books for them.**
- **Variety is the key. Use wide variety of words. Children need to listen a word several times before they start understand the meaning.**
- **Vocabulary and grammar go hand in hand:- hearing a word in a sentence is actually more helpful as it gives clues about meaning and usage.**
