August
Newsletter

"Education is not the filling of a pail, but the lighting of a fire." - William Butler Yeats

Esteemed Parents,

Greetings,

Welcome to the fifth edition of our monthly newsletter. As we embark on this journey of nurturing young minds, we are thrilled to share the joy and excitement that the month of August has brought to our kindergarten. Through a variety of carefully curated activities and competitions, we aimed to ignite the spark of curiosity and love for learning in our precious little ones.

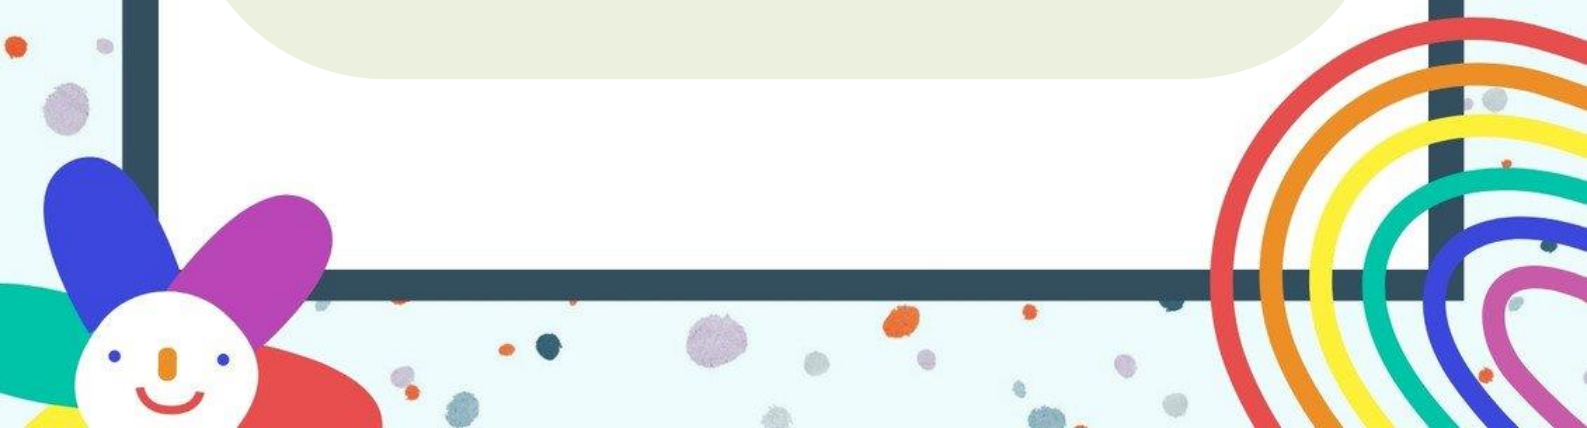

Activities

MASTER CRAFTER ACTIVITY

The nursery wing organized Mastercrafter activity, where in our tiny tots made a colorful caterpillar using pom-poms. Each child received a green leaf cutout as their canvas. With their tiny hands, they pasted pom-poms onto the leaf, creating a vibrant caterpillar. The children showed great concentration and creativity throughout the activity. This craft not only improved their fine motor skills but also taught them about colours, shapes, and patterns. Overall, this activity was a scintillating platform for artistic expression and cognitive development of our budding artists.

Activities

A Tribute to Motherland:

On the occasion of Independence Day, the little enthusiastic patriots of Nursery participated in a momentous activity that aimed to instill a profound love for our motherland from a tender age. The significance of this historic day and the symbolism of our revered National flag, the "TIRANGA," were passionately explained by the teacher. To further nurture their connection with the motherland, an engaging and artistic activity was organized. Under the gentle guidance of their teachers, the students joyfully coloured in the National Flag, their tiny hands meticulously bringing vibrant hues to life. This heartfelt tribute served as a gentle reminder that patriotism begins early, fostering a lifelong bond with our beloved country. This early exposure to the essence of our nation's history and values will undoubtedly shape these young minds into responsible and proud citizens.

Activities

BIRTHDAY CELEBRATIONS-

Birthdays hold immense significance, but when celebrated with friends and teachers, their value doubles.

On 29th August 2023, our Nursery wing organized a beautiful B'Day Celebration to honour the August-born children. The day began with a sacred Hawan, where the kids sought blessings from their teachers and the Almighty. The children eagerly received the love and wisdom of their mentors, cherishing the bonds they had formed.

Activities

CHARACTER PARADE COMPETITION

Immersed in a world of wonder and enchantment, our little ones embarked on a magical journey through Character Parade Compt. held on 28th August on the theme Disney Delights /Fairy Tale Extravaganza. Bedecked in enchanting costumes and adorned with exquisite props, they transformed into the characters of their dreams like Cinderella, Rupanzal, Mickey Mouse, Elsa etc. In this mesmerizing spectacle, stage fear was vanquished, replaced by a resolute confidence that radiated from within. Their performance was a testament to the power of imagination and the triumph of self-belief. The event left an indelible mark, nurturing a love for imagination and instilling valuable life lessons.

Upcoming Class Activities

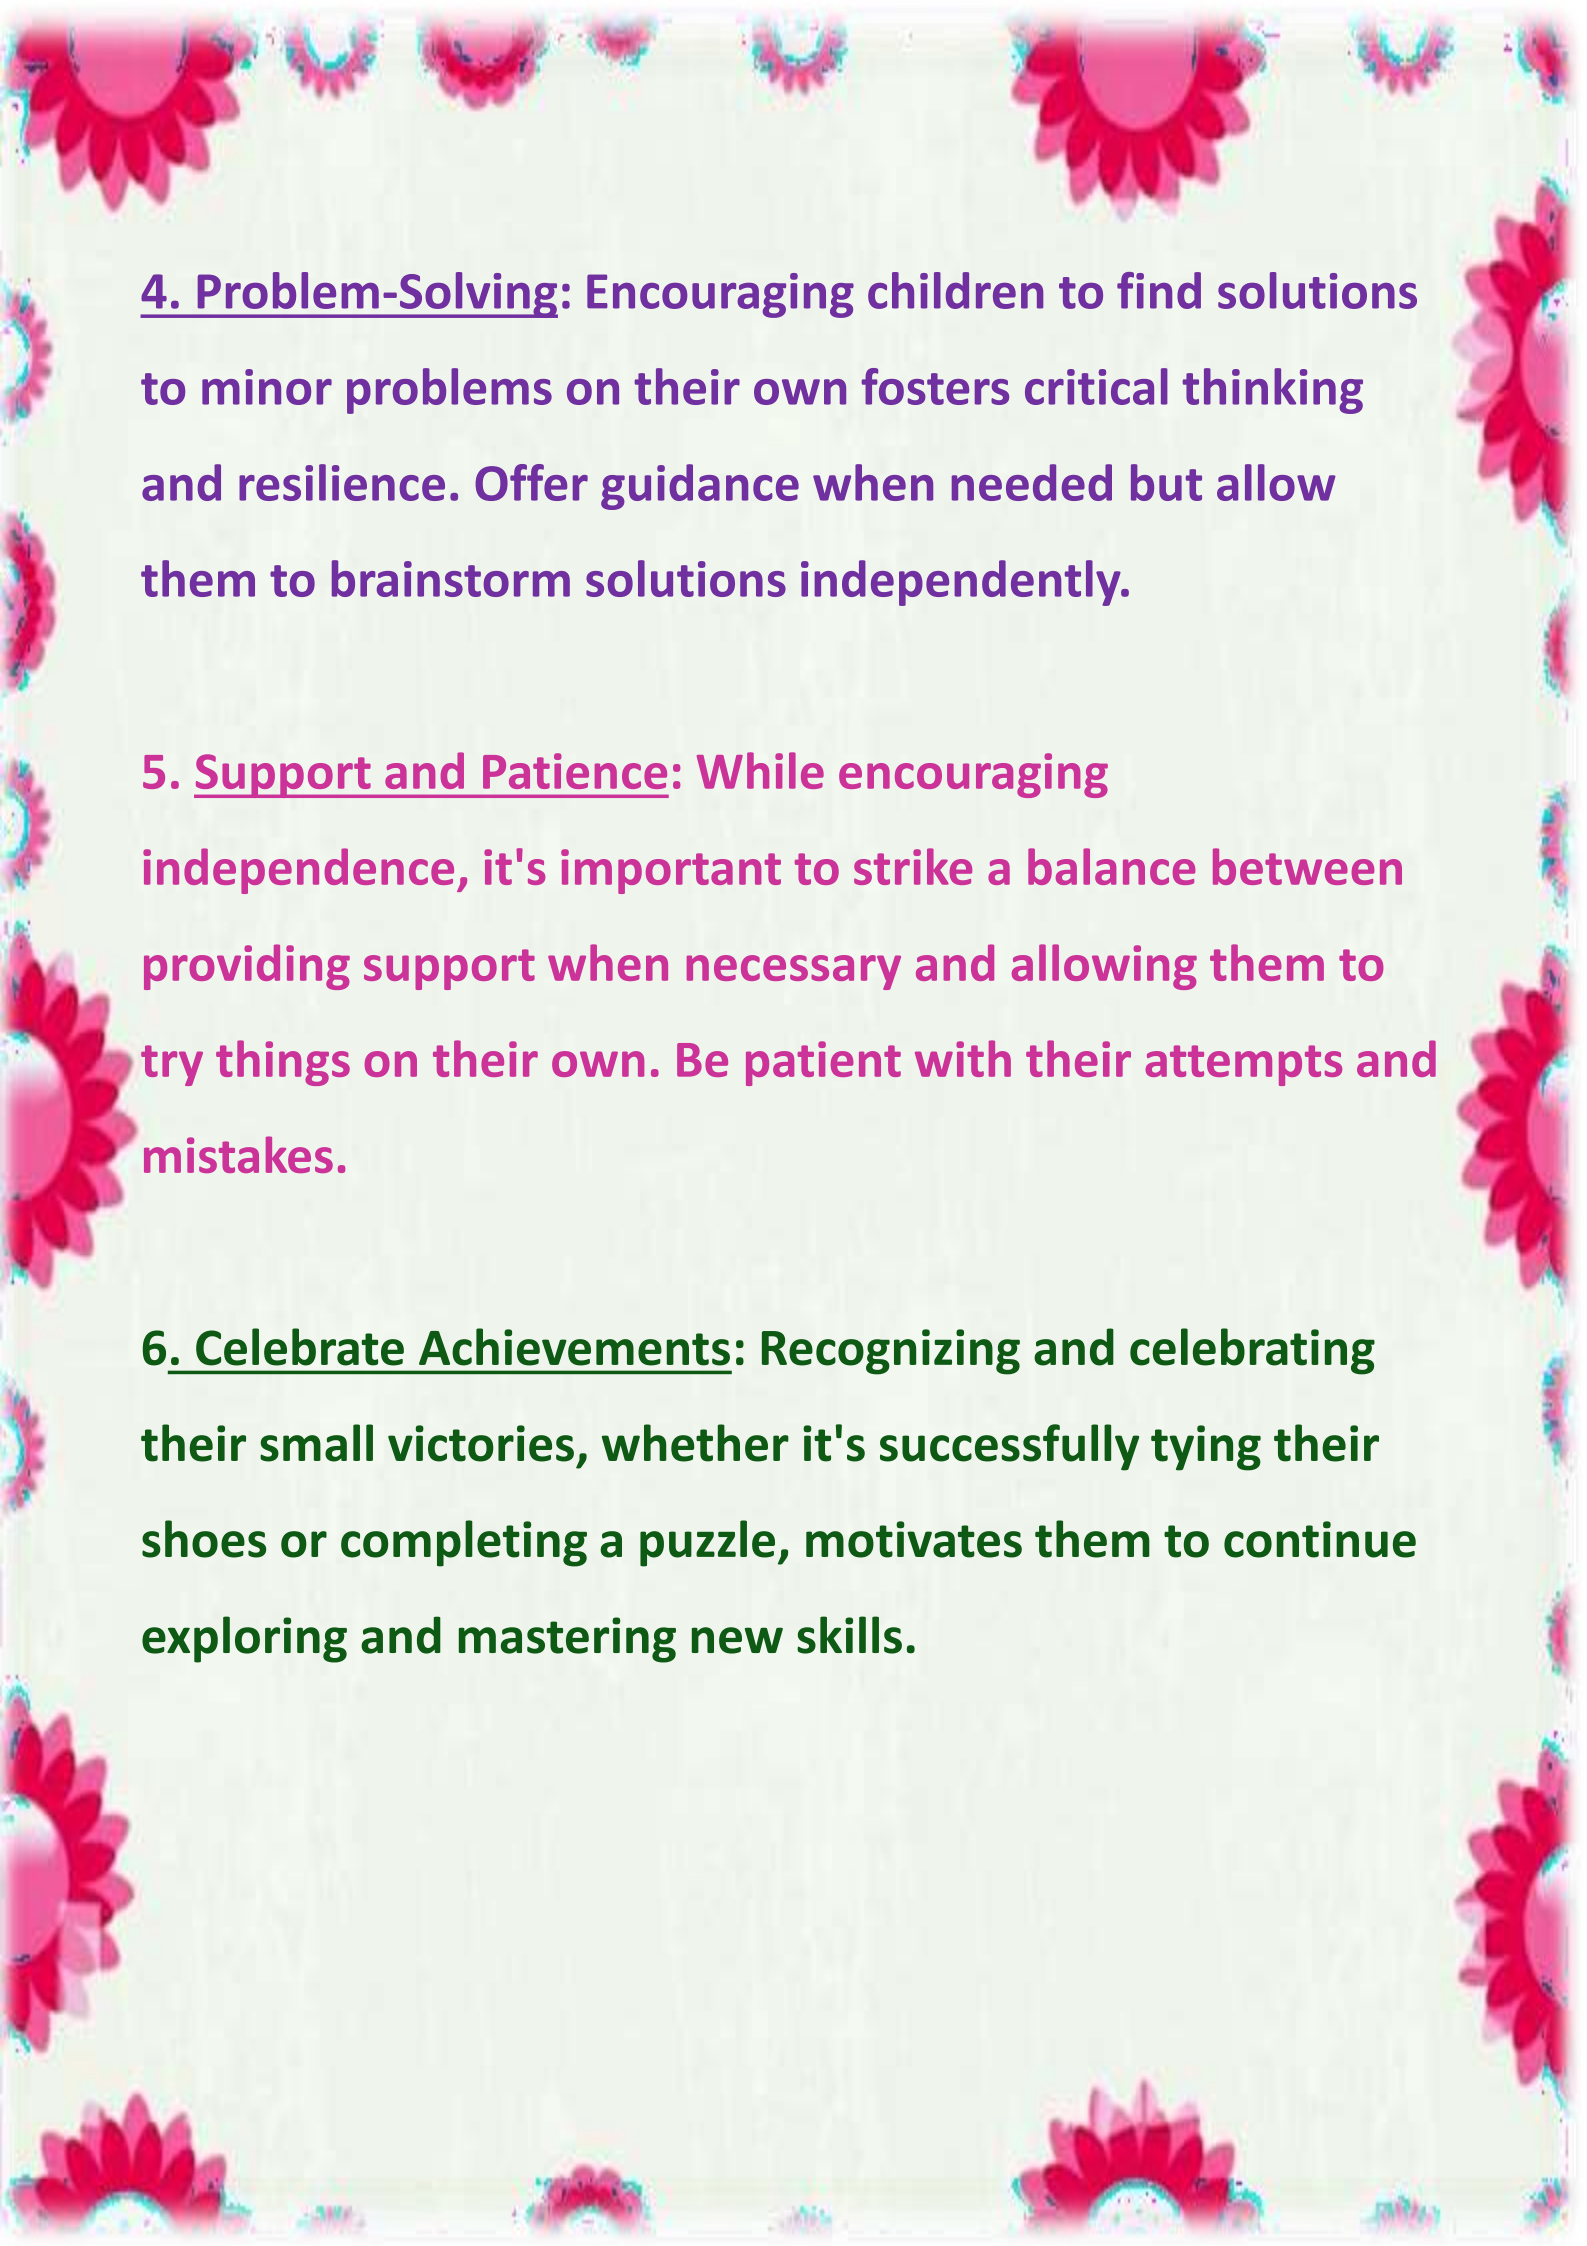

- **September Assessment**
- **Cricket Mania**
- **Annual show**

TIPS FOR PARENTS

Essential tips for happy parenting

Fostering independence in kids is crucial as it lays the foundation for self-reliance, problem-solving skills, and personal growth. Here are some tips for parents to nurture independence in their little ones-

1. Choice-Making: Allowing your child to make simple choices, like selecting a snack or choosing a toy, encourages them to assert their preferences and develop decision-making skills.
2. Self-Care Skills: Teaching kids basic self-care tasks such as dressing themselves and washing their hands not only promotes independence but also builds essential life skills.
3. Responsibility: Assigning age-appropriate responsibilities, such as setting the table or putting away toys, helps kids understand the concept of contributing to the family and taking ownership of their tasks.

4. Problem-Solving: Encouraging children to find solutions to minor problems on their own fosters critical thinking and resilience. Offer guidance when needed but allow them to brainstorm solutions independently.

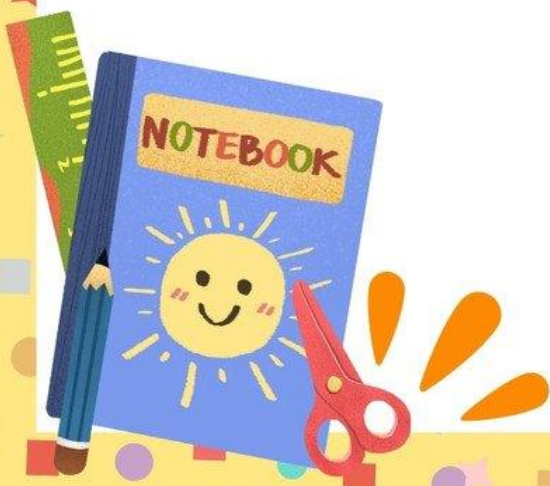

5. Support and Patience: While encouraging independence, it's important to strike a balance between providing support when necessary and allowing them to try things on their own. Be patient with their attempts and mistakes.

6. Celebrate Achievements: Recognizing and celebrating their small victories, whether it's successfully tying their shoes or completing a puzzle, motivates them to continue exploring and mastering new skills.

IMPORTANT

- Syllabus for September assessment has already been uploaded
- September evaluation w.e.f 01 .09.23
- Datesheet is available on school website.
- Annual function – 26.09.23
- PTM will be on 30.09.23
