TIPS FOR PARENTS

Detoxify your children from mobile phone addiction.

Here are some tips to detoxify your children from mobile phone addiction :

1. **SET LIMITS ON SCREEN TIME:** You can use apps or settings to monitor and restrict the amount of time your child spends on the phone.
2. **BE A ROLE MODEL :** Children learn from their parents, so you should also follow the same rules that you set for them.

3. CREATE SCREEN-FREE ZONES: You can designate certain areas of your home as screen-free zones, such as the bedroom, the dining room or the living room.
