**LEARNING IS A GIFT, GROWING IS A SKILL AND TRYING IS
THE MAGIC THAT MAKES IT ALL FUN.**

Dear parents

As the days grow warmer, our little learners are blossoming too! This month, we're excited to embark on new adventures and celebrate each child's unique growth. Just like a vibrant garden, every child thrived in their own special way. Let's nurture their development and celebrate their achievements. Together, we'll learn, laugh, and love through this newsletter and cherish every moment of this wonderful month.

May Day CELEBRATIONS

On May 2nd, 2025, our tiny tots joyfully celebrated Labour Day by expressing heartfelt gratitude to the helpers at the school. The students' faces lit up with happiness as they cut a cake and shared their appreciation for the daily care and support provided by the school. This celebration taught the children the importance of recognizing class IV employees and valuing the contributions of those who help to make their school a wonderful place.

ROLE PLAY ACTIVITY

(COMMUNITY HELPERS)- 02/05/25

A special roleplay called 'kindness crew' was performed by the LKG teachers highlighting the significance of kindness towards community helpers. The performance unfolded as an engaging story, weaving emotions, gratitude, and respect into a simple yet powerful narrative. Through expressive dialogues and heartfelt interactions, the teachers portrayed everyday scenarios where helpers—such as sanitation workers, security guards, and gardeners—were acknowledged and appreciated for their contributions.

CRAFTING FOR MOM-09/05/25

Our little ones celebrated Mother's Day with a delightful art activity, using non-toxic paints to create heart-shaped flowers with their fingerprints. Each card was a unique expression of their love and gratitude. This hands-on experience not only sparked creativity but also helped students connect emotionally, creating lasting memories for their beloved mothers.

SAY IT WITH SHAPES- 16/05/25

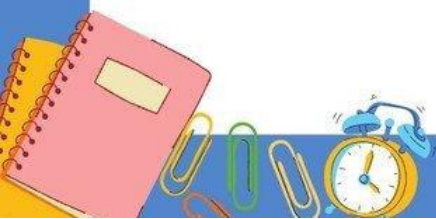

The "Say it with Shapes" competition was a wonderful chance for our little stars to shine with their creativity. They turned simple triangles into colourful houses and circles into cheerful faces, showing how imaginative they are. Through this fun activity, the children improved their ability to use shapes to express ideas and tell stories.

TIPS FOR PARENTS

Summer holidays are a beautiful chance to make happy memories and help children learn in joyful ways. Here are some warm ideas:

- **Start with calm** – A little yoga or deep breathing can bring peace and focus.
- **Grow with nature** – Let your child plant seeds and care for them. It's magical to see them grow!
- **Everyday learning** – Involve kids in simple tasks like setting the table, watering plants, or tidying up.
- **Spark creativity** – Encourage drawing, music, or crafts to let their imagination shine.
- * **Together time** – Read a story, play a game, or take a walk. Moments shared are treasures forever.

Do support your child in completing their Summer Rejuvenation Project—it's a lovely way to build confidence, skills, and joyful learning!
