TRAFFIC TYKES ACTIVITY:

As part of National Road Safety Week, a Traffic Tykes activity was organized on 17.1.2026, in our kindergarten to help children learn essential road safety rules in a fun and hands-on way. A mock traffic park was created with mini roads, zebra crossings, traffic signals, and signboards. Under the guidance of teachers, children explored the setup and were introduced to basic traffic rules and the importance of following signals. Through role play and observation, students developed awareness about road manners and safe behaviour while using the road. The portfolio sheet was given to draw different traffic signs.

Read aloud daily to strengthen listening, vocabulary, and comprehension skills.

Oral Expression & Thinking

Encourage children to observe pictures and share their thoughts freely.

Learning Through Play & Art

Use drawing and storytelling to develop imagination and creativity.

Emergent Writing

Allow children to write without fear of mistakes, focusing on ideas rather than accuracy.

Joyful & Child-Centric Learning

Appreciate effort, respect individual pace, and keep learning stress-free and enjoyable.
