**AUGUST**

"Children learn best when their hearts are happy, their minds are curious, and their world is filled with wonder."

Dear Parents,

August unfolded as a month of expression, exploration and discovery for our UKG learners. From finding their voices through poetry and celebrating the spirit of the nation to exploring emotions through art and learning through meaningful interactions, each experience offered a unique opportunity to think, communicate, create and grow. Through thoughtfully designed experiences, learning extended beyond textbooks, allowing children to build confidence, strengthen essential skills and discover the joy of learning in its many forms.

## **VERSE VIBRATION — 7 AUGUST 2026**

### **English Poetry Competition**

Verse Vibration transformed poetry into a celebration of rhythm, expression and confident communication. The children presented poems on diverse themes, bringing each verse to life through clear pronunciation, expressive gestures and confident stage presence. The experience enriched their vocabulary, articulation and oral communication skills while providing a delightful platform to develop self-confidence and appreciate the beauty of poetry.

## **LITTLE PATRIOT SPEAK — 13 AUGUST 2026**

Little Patriot Speak offered a meaningful introduction to the spirit of Independence and the values that bind our nation together. The teachers sensitised the children to the significance of Independence Day and familiarised them with the National Flag, National Anthem and National Emblem. The children chose inspiring national heroes, dressed as them or carried their pictures, and shared a few simple lines in Hindi about their lives and contributions. The experience nurtured national awareness, confident expression, respect for national symbols and appreciation for the sacrifices of our freedom fighters.

## **PATRIOTIC VIBES — 14 AUGUST 2026**

Patriotic Vibes brought the spirit of Independence Day into the world of colour and creativity. While colouring the National Flag, the children explored the significance of the Tricolour and the values it represents—courage, peace, prosperity and unity. Meaningful classroom conversations about freedom and the sacrifices of our freedom fighters helped cultivate gratitude, national consciousness, respect and a sense of belonging.

## **PRINT AND EXPRESS — 29 AUGUST 2026**

A simple potato became a canvas for emotional expression during Print and Express. Using potato prints, the children created happy and sad faces while exploring the language of feelings. Through guided conversations, they learnt to recognise emotions, express them appropriately and understand that every feeling deserves to be acknowledged. The experience nurtured emotional awareness, creativity, self-expression and fine-motor coordination.

## **GUEST LECTURE — 29 AUGUST 2026**

The classroom opened its doors to an enriching Guest Lecture, where esteemed parents shared their knowledge and experiences with the children. Through stories, conversations and interactive exchanges, the session brought real-world learning closer to their everyday experiences. The children listened attentively, responded thoughtfully and shared their ideas with confidence. The session reinforced kindness, honesty, empathy, respect, good manners and responsible behaviour, while strengthening listening, speaking and comprehension skills.

# **TIPS FOR PARENTS**

1. Give your child your full attention. Even a few minutes of undistracted conversation can mean a lot.
2. Read one story together every day. Ask, “What do you think will happen next?”
3. Talk about feelings. Ask, “What made you happy today?” or “Was anything difficult?”
4. Let your child take charge of small things. Encourage them to pack their bag, arrange their books and keep their belongings in place.
5. Notice their effort. A simple “I am proud of how hard you tried” can build lasting confidence.
6. Let them speak for themselves. Give your child time to answer questions, greet others and express their needs independently.

Tips

# **TIPS FOR PARENTS**

- 7. Bring learning into everyday life. Count steps, spot shapes, read signs or sort objects while you are together.
- 8. Make time to play. Unhurried play helps children imagine, create, solve problems and simply enjoy being children.
- 9. End the day with a warm question. “What was your favourite moment today?” can become a beautiful bedtime ritual.

**Thank you for being our partners in nurturing confident, curious and compassionate learners.**
